OPPONENT SCOUTING · EXHIBITION · THURSDAY, OCT 22, 2026

MURRAY STATE RACERS

Five box scores combined: the summer tour (Team Barcelona Aug 4, Maroussi BC Aug 8, France Aug 10) and two October exhibitions (at Wichita State Oct 7, vs Incarnate Word Oct 18). October games reflect the current rotation best.

Record	Points per game	Points allowed	Opp. turnovers / game	Steals / game	3PT shooting
5–0	**95.8**	**72.2**	**22.8**	**15.4**	**31.5%**
2–0 in October	93.0 in October	76.5 in October	28% of opp. possessions	77 in 5 games	51-162, 32.4 att / game

KEYS FOR THE STAFF

1 **Ball security is the game.**
Murray State forced 22.8 turnovers per game and averaged 15.4 steals. Opponents turned it over on 28% of possessions, and they scored 31 and 32 points off turnovers in the Barcelona and France games. Wichita State kept it to 15 turnovers and was the only team to stay close (93–87).

2 **Domon (#77) is the focal point.**
21.2 ppg overall and 23.5 in October. He scores at the rim and at the line (26-30 FT, 87%), but he is 6-30 from three (20%). Keep him out of the lane and don't foul him. Make him beat you from deep.

3 **Run Shorter (#34) off the line.**
29 of his 35 shot attempts are threes (10-29, 34%). He scored 16 at Wichita State on 4-7 from three. Close out hard and make him put it on the floor.

4 **Attack Rogers (#11).**
He starts and is their best rebounder, but he has 25 fouls in 5 games (7 vs Maroussi, 9 in the FIBA game vs France), 0 three-point attempts, and 8-14 FT. Go at him early, and sag off him on defense.

5 **Pressure Magwood (#0).**
The backup point guard has 20 turnovers in 5 games, including 4 in each October game. He can score (9-26 from three), but he is turnover-prone when pressured.

6 **They crash the offensive glass.**
13 offensive rebounds per game. They grabbed 36% of their own misses. They scored 22 second-chance points vs UIW and 25 vs France. All five need to box out, including the guards.

7 **They foul, so get downhill.**
23.2 fouls per game. Wichita State went 26-32 at the line and scored 36 in the paint. That's the best template for scoring on them.

8 **Expect a second-half push and a deep bench.**
In October they scored 57 and 53 second-half points after 36 and 40 at halftime. 10 to 14 players get minutes, and the bench averaged 42 points in the 4 games with that stat.

LIKELY STARTING FIVE

Same five started both October games. Averages are October only.

NOTES

- Every number was entered from the scanned box scores and checked against each box score's printed team totals. All five games match.
- The Maroussi BC box score is a Murray State-only sheet with no minutes and no opponent stats, so that game is left out of points allowed and the advanced numbers. Soulhac, Nikolic, Shabazz, Boulefaa and Butler show all zeros there and are treated as not playing.
- The France game was played under FIBA rules (4×10 quarters). Rogers is listed with 9 fouls in it.
- Possessions = FGA − OREB + TO + 0.44 × FTA, averaged for both teams. This matches the 1.26 points per possession printed on the France box score. TS% = PTS ÷ (2 × (FGA + 0.44 × FTA)). eFG% = (FGM + 0.5 × 3PM) ÷ FGA.
- Summer opponents were European club and national-level teams. Weight Wichita State (the closest game, 93–87) most heavily.
